

Art Work

1. Stand on some plain white paper and draw around the outline of each foot.
2. For younger children a partner can be used to draw round their friend's feet.
3. It is easier to colour/paint the foot before it is finally cut to shape.
4. A bold outline around the foot also helps it to stand out.
5. Please write first name, age and country on the underside of the foot.

This footprint, by Molly age 10, has the outline of Africa on it, but is decorated with flowers and butterflies...

Equipment needed

- Paper
- Pencil
- Coloured pencils/felts
- Scissors
- Imagination!
